

Lakeland Children's Center Newsletter

Van Cortlandtville Edition

Welcome back to our returning families and a big HELLO to all those new to LCC @ VCES ! To those families that are new and to some that might not know me, I am Liz Gilbert the new Site Supervisor to the VC Site. I have been with LCC since 2003. I have worked at this site with Miss Deborah, the former Site Supervisor, for more than ten years. I look forward to continuing the wonderful program that is in place while adding some new and exciting activities.

The weather for the first two weeks of school felt as if we were in the dog days of August. Sometimes Mother Nature has a twisted sense of humor. Despite those hot steamy days we got off to a great start. We welcome back Miss Theresa, Miss Barbara, Miss Lori, Miss Serena, Miss Patti, Miss Debbie and Miss Melissa. Thanks to our dedicated and experienced staff, all the children quickly adapted to our routine and have settled in. It is such a pleasure to see them reconnecting with old friends and making new ones.

The VC site wasted little time in jumping into our after school program routine. We have had two

visits from our enrichment program, Tanya from Intrigue Fitness got us all moving to upbeat music and lots of activity. Coach Chris our organized sports enthusiast paid us a visit. The Lakeland Children's Center offers enrichment programs on Mondays and Fridays according to availability. We offer time for homework Monday through Thursday. On Tuesday through Thursday we have additional homework help from a Lakeland Central School District teacher. She arrives at 3:30 and leaves at 4:30. This homework assistance program has been in place for a few years and we all find it very beneficial.

A gentle reminder those returning families and important information to our new families, communication regarding your children's attendance is vital to us. If anything should change about your child's schedule, be it daily, weekly, monthly, we need to know. As well if someone else will be picking up your child. Please call us at the VC site (914)528-4846 or send an email at vc@lakelandchildrens.com.
