

WINTER 2019

## LCC @ TJES

We would like to start off our month by wishing Ms. Hersh a very happy birthday!

This month was jam packed with many different enrichment programs.

Ms. Halim visited TJ this month with a new art project. Additionally, in honor of Valentine's Day, we created clay heart pots for someone special. They came in a variety of different sizes and colors.

Paper Hearts Puppets, came back this month for a puppet-making workshop! We all created different kind puppets out of paper bags! Our imaginations ran wild as we created white cats, giant dragons, and dogs.

We enjoyed a visit from Coach Chris, not only did we play a game of soccer, but we also played a basketball game. Before Coach Chris left, we had a big tug of war. It was Fourth grade vs. Fifth grade! Congratulations to the Fourth graders!

Ms. Vivian came to visit us and teach us how to sew! We sat down with her and made our very own book. We sewed two pieces of cloth together and put paper in between to create our book.

While we were inside due to cold weather, we made fluffy slime with Mr. Wyskida. In honor of Mardi gras, we made our very

- own masks to wear! We decorated them with markers, feathers,
- glitter, and sequins.

Along with all these great programs, we still have our tutors visit us Tuesday, Wednesday and Thursday. We are still doing a lot of crafts and projects each day. We use the gym when available and still go outside if the temperature allows. Please encourage your children to dress warm, so they can play outside. Next month we will hopefully be able to go outside a little more and enjoy the fresh air.

As usual, please inform both LCC and the school of any changes in dismissal

### Enrichment Activities:

3/1: The Nature of Things

3/4: Sewing

3/11: Sewing

3/15: Coach Chris

3/25: Jewelry
