Copper Beech Edition

Fall is in the air at The Beech Zone, our students have been very busy with fall and Halloween activities. They had the opportunity to press fresh apples to make apple cider, not surprisingly they enjoyed drinking it as much as making it. The AM students enjoyed making no bake cinnamon rolls, as well as bird feeders out of pine cones, sun butter, and bird seed. You can see the bird feeders on the trees outside café B windows. We had great kite flying weather this month and the kids took advantage and made their own kites and flew them in the baseball field.

For Halloween our students made masquerade masks. They decorated each mask with stones, feathers, and ribbons.

Our enrichment programs this month were awesome, with lots of participation. Tanya, from Intrigue Fitness, always gets our students up and moving to today's hits. We can count on Coach Chris to get the students involved in a game of corn hole or soccer. Michelle taught more mandala art to students, the painted rocks look amazing!

We introduced a new program, sewing enrichment, and it was a huge hit with both boys and girls participating. Our instructor, Vivian, taught us how to sew pillows and small shoulder bags, we are anxiously awaiting the next project!

We would like to welcome our tutor Mr. Trevor. Trevor tutors the AM students. Ms. Gina tutors the PM students. We suggest that all students take advantage of tutoring, which is offered Tuesday-Thursday.

We had a party on Halloween. The students enjoyed apple Cider, cookies, cupcakes, green pancakes, and a Halloween trail mix. We listened to Halloween music and played Halloween bingo for prizes.

Does your child need Community Service? I am happy to help, just let me know and we will come up with a plan!

If you have not done so, please sign up with WHUD for school closing or delays.
